

# STUDENT QUICK START GUIDE

## 1. SETTINGS

Click the "Personal Settings" link to customize your avatar. Some avatars cost tokens, which can be earned by completing activities across the site. Token amounts vary based on activity type and score.

## 2. JOIN A CLASS

If you need to join a teacher's class, click the "Join a Class" button. Select your teacher's name and class from the list, then enter the class password if your teacher has required one.

## 3. PRACTICE

Use the tabs along the top of your homepage to access **subject area pages**. On the resources page, you can complete practice questions and tests, vocabulary sets, performance tasks, and instructional videos.

The screenshot shows the USA Test Prep homepage. At the top left is the USA Test Prep logo with the tagline "Your Classroom Partner". Below the logo are links for "HOME" and "SAMPLE STUDENT". A navigation bar contains several resource categories: "RESOURCES: MILESTONES EOC", "SLO", "SAT/ACT/WORKKEYS", "AP/ACCUPLACER", and "OTHER TESTS". On the right side of the navigation bar is a "Help Videos" button. The main content area is titled "Sample Student" and features a large donut avatar (circled 1) with a "Personal Settings" link below it. To the right of the avatar are statistics: "Logins: 333", "Tokens: 595" (with a coin icon), "Badges: 14" (with several badge icons), and "Time: 27 hr 23 min". Below these are radio buttons for "Level": "Georgia High School" (selected), "Georgia Middle School", and "Georgia Elementary School". On the far right is a vertical menu with five items: "Graded Work" (circled 5), "Game Arcade", "Join a Class Party", "Take a Benchmark Test", and "Complete a Saved Test". At the bottom of the page is a teal bar with a filter dropdown set to "-- Filter by Class --", a "Join a Class" button (circled 2), and a "View:" section with icons for list, grid, and calendar views.
